Nondiscrimination Testing

In order to qualify for tax-favored status, Cafeteria, Flexible Spending and Health Reimbursement benefit plans must not discriminate in favor of highly compensated employees (HCEs) and key employees with respect to eligibility, contributions, and benefits. In order to evidence compliance, annual tests must be performed and the results documented for each benefit plan.

Under the 2007 proposed regulations, Code Section 125 nondiscrimination tests are to be performed as of the last day of the plan year, taking into account all non-excludable employees who were employed on any day during the plan year. Some employers choose to perform these tests mid plan year in order to determine whether additional steps need to be taken before the end of the plan year so that the plan passes the nondiscrimination tests and preserves the tax treatment for the key and highly compensated. A second and final test would then be conducted as of the last day of the plan year.

Per your Admin Agreement:

Testing Fees for Non-Assisted Testing run by client or broker through our NDX Testing Portal:

First two NDX test sets per Plan Year **Waived**
 Additional NDX test sets per Plan Year \$395

Testing Fees for Assisted Testing run by ABG:

Per NDX test set \$495

To perform the required tests please complete the **Nondiscrimination Testing Request Form** linked here https://www.amben.com/demos/NondiscriminationTesting/ABG_NondiscriminationTestingRequestForm.pdf

IMPORTANT: If we do not receive the Nondiscrimination Testing Request Form, we will assume that you do not want to test your Plan(s) with ABG.

HRA Plan Design

Please note that your HRA must comply with the Affordable Care Act (ACA) requirements beginning January 1, 2014 as clarified on September 13, 2013 in Treasury [Notice 2013-54](#). Your HRA can continue to reimburse all or a subset of eligible medical expenses as described under IRS Code Section 213(D) if:

1. Those eligible for the HRA are also eligible for, and enrolled in, an employer-sponsored ACA-compliant group medical coverage. Employer-sponsored ACA-compliant group medical coverage may be provided by the employer that offers the integrated HRA or employees may certify they have coverage under a spouse's or parent's ACA-compliant group medical plan.
2. The group medical plan meets the minimum value requirement.

If you are currently offering an HRA to all of your employees regardless of whether they are enrolled in an ACA compliant group medical plan you must terminate this plan or amend it so that it is only available to employees who have ACA-compliant group medical insurance with minimum value coverage. Please contact American Benefits Group immediately to discuss any changes or amendments you may need to do.

Please confirm that all employees who are eligible to participate in your HRA are:

- Enrolled in either your employer sponsored ACA-compliant group medical coverage
or
 Have certified that they have coverage under their spouses or parent's ACA compliant group medical plan
