

Your Commute Just Got Easier

Introducing Lyft Line ride options

How does it work?

You can use your American Benefits Group commuter benefit and pre-tax dollars to pay for eligible Lyft Line rides associated with your daily commute. No longer will you have to be at the mercy of public transit schedules. Simply request a Lyft Line ride via the Lyft app, select your ABG Benefits Card as your payment method, and start saving.

Where can I use this service?

Lyft Line is primarily available in larger cities, such as Washington DC and San Jose, where the full range of Lyft's services could be offered. However, its availability is not universal, with certain areas lacking the option due to various factors¹. If you're interested in checking whether Lyft operates in your city, you can explore their coverage areas on the Lyft Cities page. Currently, Lyft operates in 324 cities throughout the US and Canada, so there's a good chance you'll find your location listed there!

How do I use my commuter benefit for Lyft Line?

Enroll

Elect to participate in commuter benefits
