## **Commuter Transit and Parking**

## **Plan Design**

Under Section 132 of the IRS tax code, an employer can allow employees to set aside a portion of their salary to pay for qualified parking and transit expenses. The employee will not be taxed on these amounts as long as they are used for qualified expenses and do not exceed the statutory monthly limits. The commuter benefit allows employees to make changes on a monthly basis, employees should only withhold the amount they need for each month.
